ZONING INTERPRETATION RECORD

Subject of Interpretation:

Non-indigenous plants in ESLO can only be located in yards that are enclosed by walls or solid fences. ESLO does not specify the height of these structures.

Zoning Ordinance Section Number:
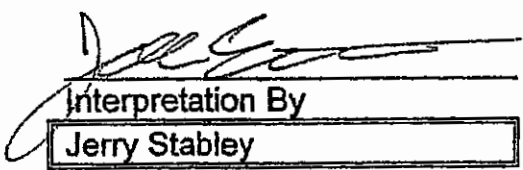

6.1070.G.1.i.

Title of Section:

Design standards.

Cause for Interpretation:

Specify the wall or solid fence heights for enclosed yards that have non-indigenous plants.

Interpretation:

Plant materials that are not indigenous to the area shall be limited to yards enclosed by walls or solid fences that are a minimum of three (3) feet in height.
